

Don't just reply. Help customers buy.

Fast answers matter, but Smart Sales Desk also asks what a buyer needs, clears doubts with your approved details and guides the next step. Your team stays in charge.

THE PRICE AT A GLANCE

₦100,000

Setup + month one

BEFORE MONTH TWO, CHOOSE ONE

₦120,000

months 2-4 prepaid

₦385,000

months 2-12 prepaid

OR — not both

WHAT YOU GET

● Questions that help sell

It asks about storage, colour and what a phone is for, not just “Yes, available.” Fast replies use prices and facts your shop approves.

● One helpful check-in

If a buyer goes quiet without buying, one suitable follow-up may be sent while their 24-hour WhatsApp window is open, if allowed.

● Reviews after a confirmed sale

A polite review request can be set up after your shop verifies a sale, if you approve it and WhatsApp messaging is permitted.

● Start with what you already have

Send prices, photos and common questions on WhatsApp. Guided sharing takes roughly 30 minutes; connecting, approval and testing may take longer.

● Your people stay in charge

Managers and sales staff check stock and payment; your social-media team keeps bringing in buyers. Staff confirm and hold a last unit before payment.

HOW PAYMENT WORKS

₦100,000 covers setup and month one. Before month two, pay ₦120,000 upfront for months 2-4 OR ₦385,000 upfront for months 2-12. The latter totals ₦485,000 for year one. The short choice totals ₦220,000 through month four. Later renewal, year-two terms and provider charges are agreed separately. No standalone pay-monthly option.
